

Partners in Educations (PIE)

Presents

Total Excellence Academic (TEA)

Day Camps

With the ever-increasing need for SOCIETIES– to generate a new crop of effective leaders and with UNESCO’s declarations on education for all, we write to introduce you to a unique programme for youth (8-26 years old), a brainchild of Partners in Education (PIE). TEA ***“Inspires, Motivates, Coaches and Mentors young people”***.

- Total Excellence Academy is a part-time distance leadership scheme with periodic leadership camps and residential weekends for group work, real life simulations and practical sessions.
- TEA provides a flexible programme that affords members the flexibility to choose how they want to proceed. They can choose the modules they want to complete and how they want to complete them from three months to three years.
- Members get the opportunity to join the PIE management team as Assistant Coaches and be put forward for the Young Entrepreneurial Scheme which is geared at equipping young adults to be financial independent before they attain the age of thirty (30).
- Our practice is based on Neuro-Linguistic Programming (NLP) and other scientifically proven techniques. Our products are supported by our powerful coaching techniques and follow up methodology. Total Excellence Academy (TEA) is our premier product focused on youth in education to make them **employable and job ready by the time they graduate from higher education.**
